

REMARKS

On May 26, 2005, a Notice of Allowance was mailed for the above-captioned patent application. Claims 1-40 are pending in this application, all of which have been allowed. No new claims have been added.

FIGS. 25D and 26C have been corrected, and the specification has been amended to correct only formal matters and typographical errors which have no bearing on patentability. No new matter has been added, and no substantial amount of additional work in the part of the Office is required to enter these amendments and drawing corrections.

If, for any reason, it is felt that this application is not now in condition for allowance, the Examiner is requested to contact Applicants' undersigned attorney at the telephone number indicated below to arrange for an interview to expedite the disposition of this case.
